EXPERIENCE THE

# THEOREM

DIFFERENCE

Experience the ultimate in style and performance.

At Theorem, we are constantly innovating to ensure we are leading the market with the newest technology and features. Catering to diverse consumer needs, we meticulously craft furniture that seamlessly combines beauty with functionality.

In an innovative collaboration, we've joined forces with Pat Cash, an Australian tennis icon renowned for his triumph in the 1987 Wimbledon final against Ivan Lendl. Pat's enduring legacy, marked by his heartfelt embrace of family and friends after his victory, resonates with our philosophy of creating unforgettable experiences.

When reflecting on our collection, the Melbourne-born legend was quick to highlight the obvious health benefits. "These Theorem Power Lift Recliners are ideal for aiding recovery from sports-related injuries," he remarked, underlining the practical advantages of our products.

Explore all the products in this catalogue from the comfort of your home with Theorem's Virtual Experience. Simply scan the QR code below using your smart device, select your desired model and colour, and seamlessly visualize the chair in your living space. Witness its functionality firsthand before making your purchase decision.

**"A great way to relax after a tough day on the court."**
